

2014

Delaware County Household Hazardous Waste (HHW) & E-Waste Collection Events

Think Globally, Act Locally! Household products containing toxic chemicals can be a threat to people and the environment, if improperly discarded. Never dispose of hazardous materials in the trash as they may harm your sanitation workers or result in a collection vehicle fire. It is also unsafe to pour HHW down a sink or storm drain as it will end up polluting our drinking water.

This Program is offered as a community service to the residents of Delaware County and is **not open to businesses, institutions or industry.**

~ Sponsored by ~

County of Delaware

Delaware County Solid Waste Authority

Covanta Delaware Valley, L.P.
