INDEPENDENT AUDITORS' REPORT

Borough Council  
Borough of Yeadon  
Yeadon, Pennsylvania

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Borough of Yeadon as of and for the year ended December 31, 2021, and the related notes to the financial statements. We were not engaged to audit the financial statements of the aggregate discretely presented component units. These financial statements collectively comprise the Borough's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. Because of the matter described in the "Basis for Disclaimer of Opinion" paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the aggregate discretely presented component units.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Borough's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Except for the matter described in the "Basis for Disclaimer of Opinion on the Aggregate Discretely Presented Component Units" paragraph, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Summary of Opinions**

<u>Opinion Unit</u>	<u>Type of Opinion</u>
Governmental Activities	Unmodified
Business-Type Activities	Unmodified

Aggregate Discretely Presented Component Units	Disclaimer
Governmental Funds (General Fund, Special Revenue, Capital Projects Fund)	Unmodified
Proprietary Funds (Sewer and Refuse Funds)	Unmodified
Fiduciary Funds (Police Pension and Municipal Pension Funds)	Unmodified

**Basis for Disclaimer of Opinion on the Aggregate Discretely Presented Component Units**

The financial statements of Yeadon Public Library have not been audited, and we were not engaged to audit the Yeadon Public Library’s financial statements as part of our audit of the Borough’s basic financial statements. Yeadon Public Library’s activities are included in the Borough’s basic financial statements as a discretely presented component unit and represent 4%, 11% and 46% of the assets, net position, and revenues, respectively, of the Borough’s aggregate discretely presented component units.

**Disclaimer of Opinion**

Because of the significance of the matter described in the “Basis for Disclaimer of Opinion on the Aggregate Discretely Presented Component Units” paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements of the aggregate discretely presented component units of the Borough of Yeadon. Accordingly, we do not express an opinion on those financial statements.

**Unmodified Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Yeadon, as of December 31, 2021, and the respective changes in in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Other Matters**

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis on pages 3 through 16, budgetary comparison information on page 51, the schedule of changes in the net police pension plan liability and related ratios on page 52, the schedule of Borough’s pension plan contributions on page 53, and the schedule of post-employment benefit obligation funding progress on page 54 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**BOROUGH OF YEADON**  
**Management's Discussion and Analysis (Unaudited)**  
**December 31, 2021**

Our discussion and analysis of the Borough of Yeadon, Pennsylvania provides an overview of the Borough's financial performance for the calendar year ended December 31, 2020. Professional standards require the inclusion of certain comparative information in the Management's Discussion and Analysis (MD&A). Please consider the information presented here in conjunction with the Borough's financial statements, which begin on page 17.

**FINANCIAL HIGHLIGHTS**

**Highlights for Government-Wide Financial Statements (Full Accrual Basis):**

The government-wide financial statements report information about the Borough as a whole using the economic resources measurement focus and accrual basis of accounting.

- The Borough's net position (deficit) was \$5,762,583 as of December 31, 2021 (representing its net position for governmental activities). The deficit is the result of the inclusion of \$9,119,784 for the net OPEB liability and \$1,999,063 for the net pension liability.
- Total revenues of the Borough's 2021 governmental activities were \$7.5 million, and expenditures totaled \$8.6 million. This compares to 2019 activity of \$7.6 million in revenue and \$8.6 million in expenditures. A significant portion of the increased revenues was reflected by a slight increase in the collection of delinquent real estate taxes. Expenses were increased primarily in the area of governmental services and police and fire services.
- Borough revenues of business-type activities for 2021 were \$3.8 million and expenses were \$3.6 million. In 2020, revenues totaled \$3.2 million and expenses totaled \$3.4 million.

**Highlights for Fund Financial Statements (Modified Accrual):**

The fund financial statements provide more detailed information about the Borough's most significant funds using the current financial resources measurement focus and modified accrual basis of accounting:

- The Borough's governmental funds reported a consolidated fund balance of \$2,793,378 as of December 31, 2021. As of December 31, 2020, governmental funds reported a fund balance of \$3,200,170.

At December 31, 2021, the General Fund reported a fund balance of \$2,497,461 compared to a December 31, 2020 balance of \$2,454,468. The Borough's general fund's fund balance represents approximately 46 percent of general fund expenditures and 52 percent of general fund revenues, well within recommended fund balance levels.

**BOROUGH OF YEADON**  
Management's Discussion and Analysis (Unaudited)  
December 31, 2021

**USING THIS ANNUAL REPORT**

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (pages 17 and 18) present information about the activities of the Borough as a whole and present a longer-term view of Yeadon Borough's finances. Fund financial statements begin on page 19. For governmental activities, these statements explain how services were financed in the short term as well as what remains for future spending. The governmental proprietary fund financial statements also report the Borough's operations in more detail than the entity-wide statements by providing information about the Borough's most significant funds. The remaining statements provide financial information about activities for which the Borough acts solely as a trustee or agent for the benefit of those outside of the government.

The accompanying financial statements have been prepared in accordance with GASB Statement 34 and present both government-wide and fund level financial statements using both the accrual and modified accrual basis of accounting, respectively.

***Government-Wide Financial Statements***

The first two statements are government-wide financial statements - the Statement of Net Position and the Statement of Activities. These provide both long-term and short-term information about the Borough's overall financial status.

The government-wide statements report information about the Borough as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide statements report the Borough's net position and how they have changed. Net position, the difference between the Borough's assets and liabilities, are one way to measure the Borough's financial health or position. Over time, increases or decreases in the Borough's net position are an indication of whether its financial health is improving or deteriorating, respectively.

In the Statement of Net Position and Statement of Activities, we divide the Borough into three kinds of categories:

- Governmental Activities - Most of the Borough's basic services are included here, such as general government, public safety, public works, culture and recreation. Property taxes finance most of these activities.
- Business-Type Activities - The Borough fees to help it cover the costs of certain services it provides, such as refuse and sewer services.
- Component Unit - Although legally separate, the Yeadon Public Library is important because the Borough is financially accountable for it.

**BOROUGH OF YEADON**  
Management's Discussion and Analysis (Unaudited)  
December 31, 2021

***Fund Level Financial Statements***

Our analysis of the Borough's major funds provides detailed information about the most significant funds - not the Borough as a whole. Some funds are required to be established by State law and by bond covenants. However, the Board of Supervisors establishes other funds to help it control and manage money for particular purposes (Special Revenue Funds) or to show that it is meeting legal responsibilities for using certain taxes, grants and other money (Capital Projects Fund). The Borough's three kinds of funds - governmental, proprietary and fiduciary - use different accounting approaches.

- ***Governmental Funds*** - Most of the Borough's activities are reported in governmental funds, which focus on the determination of financial position and change in financial position, not on income determination. Governmental funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Borough's operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the Borough's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.
- ***Proprietary Funds*** - When the Borough charges homeowners and businesses for the services it provides, these charges are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Revenues, Expenses and Changes in Net Position.
- ***Fiduciary Funds*** - The Borough is the trustee, or fiduciary, responsible for other assets that because of a trust arrangement can be used only for the trust beneficiaries. All of the Borough's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position. We exclude these activities from the Borough's other financial statements because the Borough cannot use these assets to finance its operations. The Borough is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

***Infrastructure Assets***

The Borough implemented the all model portions of GASB Statement No. 34, including the reporting of infrastructure. Historically, a government's largest group of assets (infrastructure - roads, bridges, storm sewers, etc.) had not been reported nor depreciated in governmental financial statements. This statement requires that these assets be valued and reported within the Governmental column of the Government-wide Statements. Additionally, the government must either (1) depreciate these assets over their estimated useful lives, or (2) develop a system of asset management designed to maintain the service delivery potential to near perpetuity. If the government develops the asset management system, (the modified approach) which periodically (at least every third year), by category, measures and demonstrates its maintenance of locally established levels of service standards, the government may record its cost of maintenance in lieu of depreciation. The Borough has elected to depreciate all assets over their useful lives.

**BOROUGH OF YEADON**  
Management's Discussion and Analysis (Unaudited)  
December 31, 2021

**FINANCIAL ANALYSIS OF THE BOROUGH - GOVERNMENT-WIDE STATEMENTS**

The Borough's net position (deficit) was \$5,762,583 as of December 31, 2021 (representing its net position for governmental activities).

For more detailed information about this table (Schedule of Net Position) refer to the Statement of Net Position (page 17).

**BOROUGH OF YEADON**  
Management's Discussion and Analysis (Unaudited)  
December 31, 2021

There are eight basic impacts that can affect revenues and expenses on an annual basis. They are as follows:

**Revenues:**

1. **Economic Condition** can reflect a declining, stable or growing economic environment and has a substantial impact on property, business, mercantile or other tax revenue, as well as public spending habits for building permits and elective user fees.
2. **Changes in Borough Approved Rates** - While certain tax rates are set by statute, the Borough Council has significant authority to impose and periodically increase or decrease rates (real estate tax millage, sewer rental fee, refuse fees, building fees, user fees, etc.).
3. **Changing Patterns in Intergovernmental and Grant Revenue (Recurring and Non-recurring)** - Certain recurring revenues (state-shared revenues, block grant, etc.) may experience significant changes periodically, while non-recurring (or one time) grants are less predictable and often distorting in their impact on year-to-year comparisons.
4. **Market Impacts on Investment Income** - The Borough's investment portfolio is managed using a longer average maturity on capital funds. Market conditions cause investment income to fluctuate with the economic environment.

**Expenses:**

1. **Introduction of New Programs** - Within the functional expense categories (public safety, public works, refuse, sewer, etc.), individual programs may be added or deleted to meet changing community needs and requirements.
2. **Increase in Authorized Personnel** - Changes in service demand may cause the Borough Board to increase or decrease authorized staffing. Personnel costs (salary and related benefits) represent approximately 50% of the Borough's primary program expenses.
3. **Salary Increases (Annual Adjustments and Merit)** - The ability to attract and retain human resources requires Yeadon Borough to strive to approach a competitive salary and range position in the marketplace.
4. **Inflation** - While overall inflation appears to be reasonably modest, the Borough is a major consumer of certain commodities such as supplies, fuels, and parts. Some functions experience unusual commodity-specific increases.

**BOROUGH OF YEADON**  
**Management's Discussion and Analysis (Unaudited)**  
**December 31, 2021**

**Governmental Activities - Changes in Net Position**

Revenue from Yeadon Borough's governmental activities in 2021 totaled \$7,551,529, a decrease of \$40,391. Sources of revenue were primarily from property taxes, realty transfer taxes, public safety related charges and operating grants and contributions.

Expenses of all governmental activities this year totaled \$8,571,475, a decrease of \$13,191 from 2020.

**Business-Type Activities - Changes in Net Position**

Yeadon Borough maintains a sewer fund and a refuse fund. The combined revenue from these funds was \$3,769,003 in 2021.

For business-type activities, total expenses for 2021 were \$3,645,169, including interest expense.

**Cost of Services - Expenses Analysis**

The schedule on the following page highlights the cost of services for Governmental Activities and Business-Type Activities. The total cost of services column includes all costs related to the programs and the net cost column shows how much of the total amount was not covered by program revenues. In other words, net costs are costs that must be covered by local taxes or other general revenue or transfers.

Net cost of Governmental Activities is 86.4% of total cost of services in 2021. This reflects a continued reliance on taxes and other general revenue sources to fund the cost of services.

**BOROUGH OF YEADON**  
**Management's Discussion and Analysis (Unaudited)**  
**December 31, 2021**

**FINANCIAL ANALYSIS OF GOVERNMENTAL FUNDS**

The Borough uses fund accounting to ensure and demonstrate compliance with financial related legal requirements. The focus of the Borough's governmental funds is to provide information on near-term inflows, outflows and balances of expendable resources. Such data is useful in assessing the Borough's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of a fiscal year.

As the Borough completed the year, its governmental funds (as presented in the balance sheet on page 19) reported a combined fund balance of \$2,793,378. The Borough's general fund unassigned fund balance was \$2,497,461 as of December 31, 2021, which equals 33% of 2020 total revenues and 34% of total expenditures, excluding other financing sources and uses.

Maintaining a reasonable fund balance provides a "safety net" in the event of emergencies, economic downturns or other unforeseen circumstances. Without an adequate level of fund balance, these unforeseen amounts could create the need for a significant tax increase in a future period or create the need for borrowing. Bond rating services and the Governmental Finance Officers Association (GFOA) recommend, at a minimum, an unreserved fund balance of 5 to 15 percent of regular general fund operating revenues.

 December 31, 2021

**General Fund Expenditure Analysis:**

Borough of Yeadon  
Expenditure Comparison

	<u>2021</u>	<u>2020</u>	<u>Increase (Decrease)</u>
<b>Expenditures:</b>			
General Government	\$ 1,230,089	\$ 1,210,236	\$ 19,853
Public Safety	3,957,555	4,039,596	(82,041)
Public Works	568,357	522,628	45,729
Library	387,248	468,021	(80,773)
Culture and Recreation	50,546	63,773	(13,227)
Insurance	437,387	368,834	68,553
Debt Service	267,619	160,912	106,707
Pension	441,120	469,078	(27,958)
<b>TOTAL EXPENDITURES</b>	<u>7,339,921</u>	<u>7,303,078</u>	<u>36,843</u>
<b>Other Financing Uses:</b>			
Net Refund of Prior Years Revenues (Expenditures)	<u>38,299</u>	<u>21,190</u>	<u>17,109</u>
<b>TOTAL EXPENDITURES AND OTHER FINANCING USES</b>	<u>\$ 7,378,220</u>	<u>\$ 7,324,268</u>	<u>\$ 53,952</u>

Total expenditures and other financing uses were \$7,378,220 in 2021. This represents an increase of \$53,952 over the previous year.

**BOROUGH OF YEADON**  
**Management's Discussion and Analysis (Unaudited)**  
**December 31, 2021**

**FINANCIAL ANALYSIS OF PROPRIETARY FUNDS (Business-Type)**

Business-type funds are used to account for operations that are financed and operated in a manner similar to private businesses. The intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public, on a continuing basis, be financed or recovered primarily through user charges and fees. Yeadon Borough maintains two such funds; the Sewer Fund and the Refuse Fund. The following is a comparative analysis of the Statements of Revenue and Expenses for:

**GENERAL FUND BUDGETARY HIGHLIGHTS**

**Revenues**

The statement comparing the Borough's budget to actual results can be found on page 50. Total actual revenues ended the year over budget by \$306,462. The key factors were:

- Earned income taxes were over budget by \$375,112.
- Intergovernmental revenue was over budget by \$281,517.
- Miscellaneous revenue was under budget by \$472,004.

**Expenditures**

Actual Expenditures, including other financing sources and uses, ended the year with a net, unfavorable budget variance of \$12,100. Contributing to this position were several factors:

- Insurance - Insurance costs were \$36,374 under budget.
- Debt service - Expenses were \$205,720 under budget.

**BOROUGH OF YEADON**  
Management's Discussion and Analysis (Unaudited)  
December 31, 2021

**CAPITAL ASSETS AND LONG-TERM DEBT ADMINISTRATION**

**Capital Assets - Governmental Activities**

The Borough's investment in capital assets for its governmental activities for calendar year ended December 31, 2020 is \$3,367,366 net of accumulated depreciation.

**Long-Term Debt**

As of December 31, 2021, Yeadon Borough's outstanding debt portfolio consisted of \$2,016,000 in bonds and \$1,173,891 in notes payable. During 2021 the Borough made principal payments of \$221,000 and incurred the issuance of new debt in the amount of \$938,363.

State statutes limit the amount of general obligation debt a governmental entity may issue to 250 percent of its average borrowing base (average revenues over the past three years). The Borough's current allowable debt borrowing base is approximately \$14,700,415. As of December 31, 2021, the Borough's borrowing level is only at 17% capacity. This is a relatively favorable position.

Additional information about the Borough's long-term debt can be found in Note 9 on pages 38 through 40 of this report.

**BOROUGH OF YEADON**  
Reconciliation of the Governmental Funds  
Statement of Revenues, Expenditures and Changes in Fund Balances  
to the Statement of Activities  
For the Year Ended December 31, 2021

Total Net Change in Fund Balances - Governmental Funds \$ (406,792)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Capital Outlay	296,959	
Depreciation Expense	<u>(286,486)</u>	10,473

Repayment of bond principal is an expenditure in the governmental funds, but the repayments reduce long-term liabilities in the statement net position.		123,000
---	--	---------

Revenue in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		(134,959)
---	--	-----------

Some of the expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Net OPEB Liability	91,522	
Net Pension Liability	(774,575)	
Principal Payments of Capital Lease Obligations	64,670	
Accrued Interest on the Bonds	1,037	
Compensated Absences	<u>5,678</u>	<u>(611,668)</u>

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES		<u>\$ (1,019,946)</u>

**BOROUGH OF YEADON**  
**Notes to Financial Statements**  
**December 31, 2021**

**NOTE 1 - Summary of Significant Accounting Policies**

The Borough's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. Although the Borough has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the Borough has chosen not to do so. The more significant accounting policies established in GAAP and used by the Borough are discussed below.

**A. Reporting Entity**

The Borough is a municipal corporation existing under the laws of the Commonwealth of Pennsylvania. The Borough operates under a council-mayor form of government in accordance with the Pennsylvania Borough Code. Accounting principles generally accepted in the United States of America require that the financial statements present the Borough and its component units, entities for which the Borough is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the Borough's operations and so data from these units are required to be combined with data of the primary Borough. Each discretely presented component unit, on the other hand, is required to be reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the Borough.

**Discretely Presented Component Unit:**

The Yeadon Borough Public Library serves the residents of Yeadon Borough as well as the residents of Delaware County. The Library's governing board approves its own budget. However, the Library is fiscally dependent upon the Borough because it receives a substantial portion of its operating funds from them. The Library is presented as a governmental fund type and has a December 31 year end. Copies of the Library's financial statements may be obtained at the Library administrative office.

**B. Basis of Presentation**

**Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Borough and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

**BOROUGH OF YEADON**  
**Notes to Financial Statements**  
**December 31, 2021**

**NOTE 1 - Summary of Significant Accounting Policies (Continued)**

**Government-Wide and Fund Financial Statements (Continued)**

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Borough considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only a portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the Borough.

The Borough reports the following major government funds:

**General Fund** - The General Fund is the Borough's primary operating fund. It accounts for all financial resources, except those required to be accounted for in another fund.

**Capital Projects Fund** - The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by enterprise operations.

**Special Revenue Funds** - The following governmental funds of the Borough are considered non-major (presented in a single column).

- The Motor License Fund accounts for receipts from state motor license fund to be used for highway related expenses and improvements and the transfer of funds to the General Fund to cover other allowable highway-related expenditures.
- The Vehicle Replacement Fund is a fund used to account for financial resources to be used for the acquisition of major vehicles.

**BOROUGH OF YEADON**  
**Notes to Financial Statements**  
**December 31, 2021**

**NOTE 1 - Summary of Significant Accounting Policies (Continued)**

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)**

The Borough reports the following major proprietary funds:

Sewer Fund - The Sewer Fund is used to account for the operations of the Borough's sewer treatment systems.

Refuse Fund - The Refuse Fund is used to account for the activities of the Borough's trash collection operations. The primary source of revenue is from refuse collection fees.

Additionally, the Borough reports the following fund types:

Fiduciary Funds - Fiduciary Funds are used to account for assets held by the Borough in a trustee capacity or as an agent for individuals, private organizations, or other governments. Pension Trust Funds are fiduciary funds which account for the activities of the Police and Municipal Pension Plans, which accumulate resources for the pension benefit payments to qualified employees.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989 generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The Borough has elected not to follow subsequent private-sector guidance.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Borough's Enterprise Fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

For purposes of the statements of cash flows of proprietary funds, cash equivalents include all highly liquid debt instruments with original maturities of three months or less.

When both restricted and unrestricted resources are available for use, it is the Borough's policy to use restricted resources first, then unrestricted resources as they are needed.

**BOROUGH OF YEADON**  
**Notes to Financial Statements**  
**December 31, 2021**

**NOTE 1 - Summary of Significant Accounting Policies (Continued)**

**D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity**

**Deposits and Investments**

With the exception of the Pension Trust Funds, the Borough is permitted under state law to invest funds consistent with sound business practices in the following types of investments:

Obligations of (a) the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, (b) the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth, or (c) any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.

Deposits in savings accounts or time deposits or share accounts of institutions insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation to the extent that such accounts are so insured and, for any amounts above the insured maximum, provided that approved collateral as provided by law therefore shall be pledged by the depository.

**Receivables and Payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables are shown net of any allowance for uncollectibles. The allowance for uncollectibles was \$93,575 at December 31, 2021.

**Capital Assets**

Capital assets, which include property, equipment, construction in progress, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Borough as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during construction is not capitalized.

Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives:

Buildings and Improvements	10-100 Years
Infrastructure	20-40 Years
Machinery, Vehicles, Furniture and Equipment	5-30 Years
Software	5 Years
Book Collection	5 Years

**BOROUGH OF YEADON**  
**Notes to Financial Statements**  
**December 31, 2021**

**NOTE 1 - Summary of Significant Accounting Policies (Continued)**

**D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity (Continued)**

**Deferred Outflows of Resources**

The Borough reports decreases in net assets that relate to future periods as deferred outflows of resources in the government-wide and proprietary funds statement of net position. The Borough reports deferred outflows of resources for the difference between projected and actual earnings on the Borough's defined benefit pension plan investments.

**Deferred Inflows of Resources**

The Borough's governmental funds balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element reflects an increase in fund balance that applies to a future period(s). Deferred inflows of resources are reported in the governmental funds for revenues that are not considered available. The Borough will not recognize the related revenues until they are available (collected not later than 60 days after the end of the Borough's fiscal year) under the modified accrual basis of accounting. Accordingly, unavailable revenues from property taxes are reported in the governmental funds balance sheet.

**Long-Term Obligations**

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the straight-line method which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs, if any, are expensed in the year of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as support service expenditures.

**Government-Wide and Proprietary Fund Net Position**

Government-wide and proprietary fund net position is divided into three components:

**Invested in Capital Assets, Net of Related Debt** - Consists of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets.

**Restricted** - Consists of the capital projects fund fund-balance that is restricted by the Borough for capital outlays, as well as the special revenue funds fund-balances that are restricted for highway related expenses and the acquisition of motor vehicles.

**Unrestricted** - Consists of all other net position reported in this category.

**BOROUGH OF YEADON**  
**Notes to Financial Statements**  
**December 31, 2021**

NOTE 1 - Summary of Significant Accounting Policies (Continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity (Continued)

Governmental Fund Balances

In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable - Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - Amounts that can be used only for specific purposes because of state or federal laws, or externally imposed by grantors or creditors.

Committed - Amounts that can be used only for specific purposes determined by a formal action by the Board of Supervisors resolution.

Assigned - Amounts the Borough intends to use for a specific purpose. Intent can be expressed by the Board of Supervisors or by an official or body to which the Board of Supervisors delegates the authority.

Unassigned - Amounts available for any purpose. Positive amounts are reported only in the General Fund.

The Borough Council establishes (and modifies and rescinds) fund balance commitments by passage of a resolution. The Borough's policy is to first apply expenditure toward restricted fund balances followed by committed fund balances and then to assigned fund balances before using unassigned fund balances.

NOTE 2 - Budgetary Information

Budgets are prepared on the same basis of accounting as the financial statements. Each fall, the Borough Council adopts an annual budget for the following year for the general and special revenue funds as set forth in the Borough code. Legal budgetary control is at the fund level.

Budget amounts are reported as originally adopted. Unexpended budget amounts lapse at the end of the year. The Council may take specific action to commit or assign fund equity.

NOTE 3 - Deposits and Investments

Deposits - At year end, the total carrying amount of the Borough's checking, savings and money market deposits was \$2,856,774, and the corresponding bank balance was \$3,125,882. By State statute, the Borough may appoint one or more depositories for Borough funds and approve collateral consisting of obligations of the United States of the Commonwealth of Pennsylvania, or any political subdivision thereof, deposited with the bank or trust company. Pennsylvania Act 72 of 1971, as amended, allows depositories to satisfy the collateralization requirement by pooling eligible investments to cover total public funds on deposit in excess of federal insurance. Such pooled collateral is pledged with the financial institution's trust department.

**BOROUGH OF YEADON**  
Notes to Financial Statements  
December 31, 2021

**NOTE 3 - Deposits and Investments (Continued)**

Custodial Credit Risk - Deposits - Custodial credit risk is the risk that in the event of a bank failure, the Borough's deposits may not be returned to it. The Borough does not have a policy for custodial credit risk. In the normal course of business, the Borough may have deposits that exceed insured balances. The remaining balances over insured limits are covered by collateral held by the institution's trust department on a pooled basis not in the name of the Borough.

Custodial Credit Risk - Investments - For an investment, custodial risk is the risk that in the event of the failure of the counterparty, The Borough will not be able to recover the value of its investments or collateral security that are in the possession of an outside party. The Borough has no investments subject to custodial credit risk.

Investments - Statutes authorize the Borough to invest in U.S. Government Agency bonds, time or share accounts or institutions insured by the Federal Deposit Insurance Corporation or Federal Savings and Loan Insurance Corporation or in certificates of deposit when they are secured by proper bond or collateral, repurchase agreements, State Treasurer's Investment pools, or mutual funds.

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment or deposit. The Borough has no investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - Credit risk is the risk that an issue or other counterparty to an investment will not fulfill its obligations. The Borough has no investment policy that would limit its investment choices to certain credit ratings.

Concentration of Credit Risk - The Borough does have an investment policy that addresses the amount the Borough may invest in one issuer.

The Borough's investments at December 31, 2021 consisted of the following:

	<u>Market Value</u>	<u>Credit Rating</u>
<u>Police Pension Plan:</u>		
Mutual Funds - Exchange Traded Funds	<u>\$ 6,952,667</u>	Not Applicable
<u>Municipal Pension Plan:</u>		
Mutual Funds – Bonds	<u>974,753</u>	Not Applicable
 TOTAL INVESTMENTS - FIDUCIARY FUNDS	 <u><u>\$ 7,927,420</u></u>

**BOROUGH OF YEADON**  
**Notes to Financial Statements**  
**December 31, 2021**

**NOTE 9 - Long-Term Debt (Continued)**

**Interest Rate Management Plan**

The Series A of 2010 Notes, Series B of 2010 Notes, and the Sewer Revenue Series 2010 were issued to the Delaware Valley Regional Finance Authority (DVRFA). In order to provide funds for loans (Loan Program) the DVRFA has issued Local Government Revenue Bonds (DVRFA Bonds). The DVRFA has entered into an interest rate swap agreement with Bank of America, N.A.(BOA), secured by municipal bond insurance policies in the loan program and to enhance the ability of participants to manage their interest rate risks. The DVRFA Swap Agreement is a "Qualified Interest Rate Management Agreement" as such term is defined in the Pennsylvania *Local Government Unit Debt Act*.

Under the terms of the loan agreements, the interest payments due from the borough are calculated to fund:

- The debt service payments on the DVRFA bonds.
- The net payments due under the DVRFA Swap Agreement.
- All other costs and expenses necessary for the operation of the Loan Program, amounts required to maintain the liquidity of the Loan Program, and any termination payment due under the DVRFA Swap Agreement

*Interest Rate Risk* - The Borough has the option under the loan agreements to pay a variable rate of interest or a fixed rate. If the Borough elects the variable rate, the interest rate, based upon the Securities Industry and Financial Markets Association Index (SIFMA Index), adjusts weekly with a maximum interest rate at the Borough of 15%. If the Borough elects a fixed rate, the rate, with terms and conditions selected by the Borough, would be set based upon the fixed rate swap market at that time with a new confirm executed by DVRFA and BOA under the DVRFA Swap Agreement. The Borough has the option to convert all or a portion of the variable rate notes to a fixed rate at any time to mitigate the exposure to rising short-term interest rates.

Since the Borough is not considered to be a signatory on the current interest rate swap agreements between DVRFA and BOA, management has concluded that the Borough would not be required to report the transaction in accordance with Governmental Accounting Standards Board (GASB) No. 53 Accounting and Financial Reporting for Derivative Instruments. Therefore, the fair value of the interest rate swap agreements is not recorded on the statement of net position. In addition, no evaluation has been made to whether the interest rate swaps are effective cash flow hedges.

*Credit Risk* - Rating downgrades by Moody's and Standard & Poor's ("S&P") can precipitate collateralization requirements under the DVRFA Swap Agreement. The failure to post collateral when it is required constitutes an event of default under the DVRFA Swap Agreement and may result in termination.

- If the long term, unsecured, senior debt ratings of BANA are reduced below "A2" by Moody's or "A" by S&P and if DVRFA would receive a payment from BOA upon termination, BOA is required to post collateral equal to the market value of each of the swap agreements executed with DVRFA. BOA's current ratings are "Aa3/A+", with stable outlooks by Moody's and S&P, respectively.
- If the long term, unsecured, senior debt ratings of BOA are downgraded below "Baa3" by Moody's and "BBB-" by S&P, DVRFA may terminate the swap agreements executed by BOA. If (i) the claims paying ability ratings of Ambac are reduced below "Baa3" by Moody's or "BBB-" by S&P and (ii) DVRFA has defaulted or DVRFA does not have published ratings of at least "Baa3" by Moody's and "BBB-" by S&P, BOA may terminate the DVRFA Swap Agreements.

**BOROUGH OF YEADON**  
**Notes to Financial Statements**  
**December 31, 2021**

**NOTE 9 - Long-Term Debt (Continued)**

**Interest Rate Management Plan (Continued)**

*Termination Risk* - The Borough is obligated to pay a termination payment associated with the portion of the DVRFA Swap Agreement allocable to the applicable note. A termination payment may be incurred due to the termination of all or a portion of the DVRFA Swap Agreement with the mutual consent of DVRFA, BOA, Ambac, and the Borough. These termination payments could be triggered in the event of (i) a payment default by the Borough under the Loan Agreement, (ii) a payment default by DVRFA, BOA or Ambac under the DVRFA Swap Agreement, (iii) the occurrence of events that may precipitate a payment default by DVRFA, BOA or Ambac, or (iv) the downgrading of the claims paying ability of Ambac or long term, unsecured, senior debt rating of DVRFA or BOA. In all instances of termination except a payment default on the note converted to a fixed rate, DVRFA would seek to replace the DVRFA Swap Agreement with a new interest rate swap agreement with similar terms and conditions.

The amount of the termination payment is determined by the market value of the DVRFA Swap Agreement; therefore, the cost or income of the replacement swap should offset the cost or income from the Termination Payment. DVRFA may not be able to secure the replacement interest rate swap if the swap market is not functioning normally or if DVRFA does not have access to the swap market.

The estimated termination payment (i.e., the market value) for the DVRFA Swap Agreement allocable to the Borough's notes as of December 31, 2021, is shown in the table below. In the event of a termination payment, DVRFA would assess the net loss, if any, to the Borough. Any net gain on the termination payment allocable to variable rate Notes would be retained by DVRFA.

<u>Type</u>	<u>Option Selected</u>	<u>Notional Amount</u>	<u>Issue Date</u>	<u>Maturity Date</u>	<u>Income (Loss)</u>
GON Series A of 2010	Fixed	\$ 499,000	1/25/2010	6/25/2030	\$ 18,036
GON Series B of 2010	Fixed	\$ 521,000	9/15/2010	6/25/2025	\$ (17,822)
Sewer Notes - Note A	Fixed	\$ 395,000	1/25/2010	6/25/2030	\$ (330)

**NOTE 11 - Property Tax**

Property taxes attach as an enforceable lien on property as of March 1 of the following year. Taxes are levied on February 1 and payable in the following periods:

- Discount Period - February 1 to March 31 - 2% of Gross Levy
- Flat Period - April 1 to May 31
- Penalty Period - June 1 to Collection - 10% of Gross Levy

The following is a detail analysis of current year tax revenues:

Assessed Valuation, Adjusted by	
Authorized Revisions	\$ 320,993,630
Approved Tax Rate in Mills	9.89
<b>GROSS LEVY</b>	<u>3,174,627</u>
Plus Penalties Applied and Double Payments	13,275
Deductions:	
Discounts	31,531
Taxes Receivable	173,409
<b>NET TAXES COLLECTED</b>	<u>\$ 2,982,962</u>

**NOTE 12 - Defined Benefit Pension Plan**

**Plan Description**

The Borough contributes to a public employee retirement system (PERS), for its uniformed employees. The Police Pension Plan (uniformed) is a single employer PERS, administered by the Borough. The plan is a defined benefit pension plan. The Police Pension Plan covers all full-time uniformed employees.

Pension plan financial statements are prepared using the accrual basis of accounting. Plan pension payments and member/employer contributions are recognized in the period in which they are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. Investments are reported at fair value.

Police Pension Plan - Members may retire upon reaching age 50 and completion of 25 years of service. Early retirement may occur after 20 years of service; vesting occurs after completion of 12 years of vesting service. Retirement benefit is equal to 50% of the average monthly compensation averaged over the last 36 months, plus an additional service increment of \$100 per month if the member has 26 years of service or more up to a maximum of \$300. Survivor benefit is available at 50% of pension if a member is retired or eligible for retirement. Disability benefit if service related is 75% of base salary at the time of disability offset by social security benefits for the same injury. An active member who has met the eligibility requirements for normal retirement may elect to participate in the Act 44 Deferred Retirement Option Program for a period of up to 36 months. Member contributions are 5% of pay. Interest is credited to members' contributions at the rate of 4.5%.

**BOROUGH OF YEADON**  
**Notes to Financial Statements**  
December 31, 2021

NOTE 12 - Defined Benefit Pension Plan (Continued)

Plan Membership

The following table provides information concerning types of covered employees and benefit provisions for the Police Pension Plan as of December 31, 2021:

	<u>Police</u>
Inactive plan members currently receiving benefits	19
Inactive plan members entitled to but not yet receiving benefits	0
Active plan members	<u>16</u>
TOTAL	<u><u>35</u></u>

Contributions

Pennsylvania Act 205 of 1984 (as amended) requires that annual contributions be based upon the Minimum Municipal Obligation ("MMO"), which is based on the Plans' biennial actuarial valuation. The MMO includes the normal cost, estimated administrative expenses and an amortization contribution of the unfunded actuarial accrued liability, less estimated member contributions, and a credit equal to 10% of the excess (if any) of the actuarial value of assets over the actuarial accrued liability. The state provides an allocation of funds, which must be used for pension funding. Any financial requirement established by the MMO which exceeds state and member contributions must be funded by the employer.

Police participants are required to contribute 5% of their compensation to the plan. This contribution is governed by the plan's governing ordinances and collective bargaining. Administrative costs, which may include but are not limited to investment management fees and actuarial services, are charged to the Plans and funded through the MMO and/or plan earnings.

Investments

Investment Policy - The plans' investment policy in regard to the allocation of invested assets is established and may be amended by the Borough Council and Pension Board. The objective of the investment strategy is to provide modest capital appreciation and income by balancing reasonable return expectations with appropriate levels of risk. The plans' formal investment policy statement, which is revised periodically, provides more comprehensive details on investment strategy and authorized investments.

The plans' investment policy establishes the following target allocation across asset classes:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equities	49.00%	4.40%
International Equities	21.00%	5.73%
Fixed Income	27.00%	(1.22)%
Cash	<u>3.00%</u>	<u>(0.38)%</u>
	<u><u>100.00%</u></u>	<u>3.44%</u>

**BOROUGH OF YEADON**  
**Notes to Financial Statements**  
**December 31, 2021**

**NOTE 12 - Defined Benefit Pension Plan (Continued)**

**Investments (Continued)**

The long-term expected rate of return on pension plan investments was determined using an asset allocation study conducted by the plan's investment management consultant in December 2021 in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates or arithmetic real rates of return for each major asset class included in the plan's target asset allocation as of December 31, 2021 are listed in the table above.

**Concentration of Credit Risk** - Concentration of credit risk is the risk of loss attributable to the magnitude of a plan's investment in a single issuer. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this requirement. The plans do have a formal investment policy that addresses concentrations of credit risk. As of December 31, 2021, no investment in any one organization represented 5% or more of the plan's respective fiduciary net position.

**Rate of Return** - For the year ended December 31, 2021, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 12.93%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Police Pension)**

	<u>Total Police Pension Liability</u>	<u>Police Plan Fiduciary Net Position</u>	<u>Net Police Pension Liability</u>
Beginning Balance - January 1, 2021	\$8,490,874	\$ 6,392,920	\$2,097,954
Changes For the Year:

NET CHANGES	<u>679,508</u>	<u>778,399</u>	<u>(98,891)</u>
 BALANCE - DECEMBER 31, 2021	 <u>\$9,170,382</u>	 <u>\$7,171,319</u>	 <u>\$ 1,999,063</u>

Plan fiduciary net position as a percentage of the total pension liability related to the police pension at December 31, 2021 was 78.2%.

**BOROUGH OF YEADON**  
**Notes to Financial Statements**  
**December 31, 2021**

**NOTE 12 - Defined Benefit Pension Plan (Continued)**

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Police Pension) (Continued)**

Sensitivity of the Net Pension Liability to Changes in the Discount Rate (Police Pension) - The following presents the net pension liability, calculated using the discount rate of 7.75%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.75%) or 1-percentage point higher (8.75%) than the current rate:

	<u>1% Decrease 6.75%</u>	<u>Current Discount Rate 7.75%</u>	<u>1% Increase 8.75%</u>
Net Pension Liability	\$ 2,931,047	\$ 1,999,063	\$ 1,206,081

For the year ended December 31, 2021, the Borough recognized pension expense of \$167,410 related to the police pension. At December 31, 2021, the Borough reported deferred outflows of resources related to the police pension from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between Expected and Actual Experience	\$ 0	\$ (86,346)
Changes in Assumptions	384,566	0
Net Difference between Projected and Actual Investment Earnings	0	(542,305)
	<u>\$ 384,566</u>	<u>\$ (628,651)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the police pension will be recognized in pension expense as follows:

<u>Year ending December 31:</u>	
2022	\$ (91,796)
2023	(182,877)
2024	(64,960)
2025	(12,695)
2026	39,943
Thereafter	68,300
Total	<u>\$ (445,118)</u>

**BOROUGH OF YEADON**  
**Notes to Financial Statements**  
**December 31, 2021**

**NOTE 12 - Defined Benefit Pension Plan (Continued)**

**Actuarial Assumptions (Police Pension)**

The total pension liability as of December 31, 2021 was determined by rolling forward the System's total pension liability as of the January 1, 2021 actuarial valuation to December 31, 2021 using the following actuarial assumptions, applied to all periods included in the measurement:

- Inflation - 2.25%
- Salary increases - 5.50%
- Investment rate of return – 7.75% (net of pension plan investment expenses, including inflation)
- Retirement Age - 50
- Mortality rates were based on the Blue Collar RP-2000 Mortality Tables projected to 2017 using Scale AA.

Discount Rate - The discount rate used to measure the total pension liability was 7.75%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that municipal contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the police pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**NOTE 13 - Defined Contribution Pension Plan**

The Borough contributes to a public employee retirement system (PERS), for its non-uniformed employees. The Non-Uniformed Pension Plan is a single employer PERS, administered by the Borough. The plan is a defined contribution pension plan. The Non-Uniformed Pension Plan covers all full-time non-uniformed employees.

Pension plan financial statements are prepared using the accrual basis of accounting. Plan pension payments and member/employer contributions are recognized in the period in which they are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. Investments are reported at fair value.

**Non-Uniformed Pension Plan**

The Plan was initially established on January 1, 2001, but was revised on October 1, 2004. Members hired prior to October 1, 2004 are considered 100% vested in the Plan. Members hired on or after October 1, 2004 are 100% vested after 5 years or more of service.

**Plan Membership**

As of December 31, 2021, membership consisted of 14 active members.

**BOROUGH OF YEADON**  
Notes to Financial Statements  
December 31, 2021

**NOTE 14 - Other Post-Employment Benefits**

**Plan Description**

The Borough provides a defined benefit post-employment healthcare benefit, which provides medical benefits to eligible retirees and their spouses. The plan is available for the Borough's uniformed employees. All uniformed employees are eligible for the plan after reaching a minimum age of 50 and completing 25 years of service for the Borough.

**Funding Policy**

As of December 31, 2021, the Borough has not segregated assets to fund this liability. It is the intention of the Borough to pay healthcare premiums and costs as they are incurred.

**Employee Covered by the Plan**

Membership in the OPEB plan consisted of the following at January 1, 2021

Inactive Plan Members, or Beneficiaries Currently Receiving Benefits	11
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	0
Active Plan Members	16
	<hr/>
	<u>27</u>

**Actuarial Methods and Assumptions**

In the January 1, 2021 actuarial valuation, the following actuarial assumptions were used:

**Economic Assumptions**

- Inflation Rate - 2.24%
- Salary Increase Rate(s) - 5.5%
- Discount Rate - 2.25%
- Initial Trend Rate - 0.00%
- Ultimate Trend Rate - 3.45%
- Years to Ultimate - 54

All mortality rates were based on the 2010 Public Safety Amount Based mortality tables projected 5 years past the valuation date using mortality improvement scale MP-2020.

**Discount Rate**

Given the Borough's decision not to fund the program, all future benefit payments were discounted using a high-quality municipal bond rate of 2.25%. The high-quality municipal bond rate was based on the S&P Municipal Bond 20 Year High Grade Rate Index as published by S&P Dow Jones Indices nearest the measurement date. The S&P Municipal 20 Year High Grade Rate Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years. Eligible bonds must be rated at least AA by Standard and Poor's Ratings Services, Aa2 by Moody's or AA by Fitch. If there are multiple ratings, the lowest rating is used.

**BOROUGH OF YEADON**  
**Notes to Financial Statements**  
**December 31, 2021**

**NOTE 14 - Other Post-Employment Benefits (Continued)**

**Changes in Net OPEB Liability**

The following table shows the components of the Borough Net OPEB liability, which include costs for the year, the amount actually contributed to the plan and the changes in the Borough's Net OPEB liability.

Net OPEB Liability:	
Balance as of January 1, 2021	\$ 10,290,665
Service Cost	692,181
Interest	209,903
Difference Between Expected and Actual Experience	13,136
Changes in Assumptions & Cost Method	(1,844,611)
Benefit Payments	<u>(241,490)</u>
 NET OPEB LIABILITY AS OF DECEMBER 31, 2021	 <u>\$ 9,119,784</u>

Differences Between Expected and Actual Experience reflects the impact of changes to the census and healthcare premiums that were higher or lower than projected from the prior valuation to the valuation as of January 1, 2021.

Changes of Assumptions reflect a change in the discount rate from 1.93% for the reporting period ended December 31, 202, to 2.25% for the reporting period ended December 31, 2021. Also reflected as assumption changes are updated health care cost trend rates as well as mortality tables.

**Net OPEB Liability Sensitivity - Discount Rate**

The following presents the Total OPEB Liability of the Borough, as well as what the Borough's Total OPEB Liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage-point higher than the current discount rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
	1.25%	2.25%	3.25%
Net OPEB Liability	\$ 10,807,203	\$ 9,119,784	\$ 7,785,943

**BOROUGH OF YEADON**  
Notes to Financial Statements  
December 31, 2021

NOTE 14 - Other Post-Employment Benefits (Continued)

Net OPEB Liability Sensitivity – Healthcare Trend

The following presents the Total OPEB Liability of the Borough, as well as what the Borough's Total OPEB Liability would be if it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates::

	<u>1% Decrease</u>	<u>Current Trend Rate</u>	<u>1% Increase</u>
Net OPEB Liability	\$ 7,554,688	\$ 9,119,784	\$ 11,167,747

OPEB Expense

For the year ended December 31, 2021, the Borough will recognize OPEB expense of \$1,213,111.

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between Expected and Actual Experience	\$ 263,094	\$ 0
Changes in Assumptions	1,642,601	( 1,581,095)
	<u>\$ 1,905,695</u>	<u>\$ (1,581,095)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB will be recognized in OPEB expense as follows:

<u>Year ending December 31:</u>	
2022	\$ 311,027
2023	311,027
2024	245,793
2025	(19,967)
2026	(261,639)
Thereafter	(261,641)
Total	<u>\$ 324,600</u>

**BOROUGH OF YEADON**  
**Notes to Financial Statements**  
**December 31, 2021**

**NOTE 15 - Deficit Net Position**

A deficit of \$5,762,583 exists in the District's Governmental Activities net position as of December 31, 2021. The deficit is a result of the District's adoption of Government Accounting Standards Board Statement No.75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

**NOTE 16 - Subsequent Events**

The Borough has evaluated subsequent events through March 29, 2024, which represents the date the financial statements were available to be issued.
